MOBILITY OF YOUTH WORKERS

NATALIIA KOVALENKO

PARTICIPATED IN A LEARNING MOBILITY PROJECT

Social Entrepreneurship: Tools and Trainers.

THE PROJECT TOOK PLACE FROM **03/02/2020**
TO **12/02/2020** IN **Arzakan, Armenia.**

MOBILITY OF YOUTH WORKERS

Learning mobility projects of youth workers support the professional development of youth workers by enabling them to acquire new skills and professional experiences. The projects may include transnational activities such as seminars, training courses, contact-making events, study visits and job shadowing periods abroad. The projects also contribute to strengthening the quality and the role of youth work in Europe.

Erasmus+ is the European Union's programme for boosting skills and employability through activities organised in the field of education, training, youth, and sport. Youth activities under Erasmus+ aim to improve the key competences, skills and employability of young people, promote young people's active participation in the society, their social inclusion and well-being, and foster improvements in youth work and youth policy at local, national and international level.

With this document we certify that **NATALIIA KOVALENKO** took part in a project called **Social Entrepreneurship: Tools and Trainers**. It was a training course. The project was hosted by **International Center for Intercultural Research, Learning and Dialogue NGO**. The participation was supported by **Insha Osvita**.

Within Erasmus+, a training course is a project where youth workers and youth leaders come together for several days to develop their knowledge, skills, and attitudes on a certain theme. The daily programme of the course is based on learning objectives and facilitated by experienced trainers. The training courses promote the initiative and creativity of participants and have a direct impact on their future youth work or youth policy activities, such as organising quality projects and providing intercultural and non-formal learning experiences for young people.

Altogether, **25** people from **Armenia, Germany, Moldova, Poland, and Ukraine** took part in the project.

The overall aim and specific objectives of the project:

- To provide educators with SE-customized, specific tools and methodologies for educational interventions,
- to provide space to share tools and test newly-developed SE tools,
- to develop competences in using the newly developed tools,
- to develop the abilities in facilitation competencies regarding regional/community development through social entrepreneurship,
- to provide space for discussing forms/tools and approaches for the education of young people and youth workers in SE sphere.

Main contents and activities of the project:

Understanding of the social entrepreneurship concept and its educational aspects, focuses, trends and specifications within non-formal education (NFE) and adult-learning approaches, looking into competence frameworks of trainers and the ones developed especially for social entrepreneurs, explore various educational formats of work in the field, share and learn to use new SE educational tools

TRANSNATIONAL TRAINING AND COOPERATION ACTIVITIES

Nataliia Kovalenko

PARTICIPATED IN A PROJECT

Developing Youth Workers' Competences in Finland.

THE PROJECT TOOK PLACE FROM **29/09/2019**
TO **03/10/2019** IN **Ilmajoki, Finland.**

TRANSNATIONAL TRAINING AND COOPERATION ACTIVITIES

Transnational Training and Cooperation Activities foster the competence development of professionals in youth related fields. Through the projects, transnational cooperation is enhanced within the youth field as well as with the stakeholders of related sectors. The projects contribute to strengthening the role and quality of youth work and youth policy in Europe.

Erasmus+ is the European Union's programme for boosting skills and employability through activities organised in the field of education, training, youth, and sport. Youth activities under Erasmus+ aim to improve the key competences, skills and employability of young people, promote young people's active participation in the society, their social inclusion and well-being, and foster improvements in youth work and youth policy at local, national and international level.

With this document we certify that **Nataliia Kovalenko** took part in a project called **Developing Youth Workers' Competences in Finland**. It was a study visit. The project was organised by **Finnish National Agency for Education**, in cooperation with **Youth Centre Marttinen, Virrat and Folk High School of Southern Ostrobothnia, Ilmajoki**.

A study visit organised within Erasmus+ is a short study programme that offers a view on youth work or youth policy – strategies, projects, or methods – in one country. Study visits focus on a concrete theme and mainly consist of meetings with different projects and organisations in the chosen country. Additionally, the study visits may include exchange of experience among the participants and support creation of partnership for further cooperation.

Altogether, **32** people took part in the project.

The overall aim and specific objectives of the project:

The study visit aimed to highlight how youth workers acquire competences in the education and apply them in daily work. The participants explored the political and educational structures of youth work in Finland, the content and practices of youth work education and the transferrability of skills learned into work on the field.

Main contents and activities of the project:

- Lectures and workshops on the history of youth work and structures of youth work in Finland
- Study on the syllabus of youth work education on secondary level
- Visits to youth work and child protection institutions in the area
- Discussions with practitioners, students, lecturers and scholars of the subject
- Reflections on transferrability of values, philosophy or methods of Finnish youth work education and practice in participants' own reality

Facilitator(s):

Antti Korhonen and Satu Korpela, Finland

Among the results of the project are the following:

Participants got a broad understanding of the basic values, realities and practices of Finnish youth work education and in youth work on the field. The visit expanded the understanding of education, teaching methodology, student-staff relations and self-directedness of learning in VET.

The general aim of a contact-making event is to enable organisations and groups active in the youth field to find partners for transnational co-operation and for project development. The activity supports initial preparation of joint projects around a chosen topic. During the event, the aims and main principles of the future projects can be agreed upon, some aspects of the daily agenda discussed, etc.

Altogether, **47** people took part in the project.

The overall aim and specific objectives of the project:

To share realities and reflect on opportunities of HRE and intercultural learning as potential driving force in advocating democracy;

To brainstorm the competences of educators which need to be developed in today's realities; To develop joint initiatives for addressing and strengthening capacities in HRE; To develop joint challenges of dealing with different challenges of HR in the field of education; To reinforce cross-national cooperation;

To create new contacts and networking.
